Mission

Sai Aashraya is a non-profit organization headquartered in Bengaluru, India. Our mission revolves around providing holistic care through our four pillars: Food & Nutrition, Medicare, Educare, and Sociocare. Over the past 8 years, our Seva (Service) projects have touched several millions of lives, transforming underserved communities across India.

Our Story

Sai Aashraya was born out of a simple yet profound question from a little Syrian Refugee girl: "Are there children like us in India too? Do you also serve food to children like us in India?" This question sparked a movement of Love and Compassion, leading to the creation of Sai Aashraya.

Four Pillars of Service

FOOD & NUTRITION

MEDICARE

EDUCARE

SOCIOCARE

Achievements

8.4 million fresh, healthy meals served to children in schools and underserved communities. **1**

10 schools adopted, impacting the lives of 2,000 + students. **2**

1,20,000 + patients treated with holistic healthcare across India. **3**

6 villages adopted as part of the Sai Aashraya Village Integrated Programme. **4**

Sai Aashraya Super Speciality Hospital (SASSH): A Temple of Healing

In line with our mission, we are proud to announce the near completion of the Sai Aashraya Super Speciality Hospital (SASSH) in Vemagal, Kolar district, near Bengaluru. This 220-bed, state-of-the-art tertiary care facility, with **No Billing counter**, will deliver holistic healthcare, specializing in **Paediatric and Adult Cardiac Care, along with Mother & Child Care (OB/GYN).**

Speciality: Pediatric & Adult Cardiac Care, Mother and Child Care (OB/GYN)

Tertiary care: Over 300 surgeries and procedures per month planned in the areas of specialization.
Early detection and treatment of Congenital Heart Diseases in Children (CHD).

Accommodation: 1 Attendant per Patient, facilities for volunteers to stay within hospital premises

Centralized Kitchen: to provide Fresh, Hygienic food to patients and attendants

Sai Aashraya Village Adoption Program (SAVIP):

Vocational training programs and job creation, thereby creating financial independence and self-sustainability. Providing breakfast to Government school children in the villages.

Medical Education Center (MEC): Training underserved youth from remotest parts of the country who are interested in pursuing higher education in Medical field.
